

CCS-SC6 Suitcase for Control Unit and 6 Delegate Units

www.boschsecurity.com

BOSCH

Invented for life

- ▶ Can hold CU and/or 6 contribution units and cables
- ▶ Attractive, yet sturdy construction
- ▶ Interior specially molded to securely hold system units
- ▶ Easy to transport and store
- ▶ Two separate locks for extra security

The CCS-SC6 is used where CCS 900 Ultra contribution units will not be used in one fixed location and, therefore, have to be easily transportable. This is often the case in town halls, hotels, business centers, local government offices or smaller halls in major conference venues.

Functions

Capacity

The CCS-SC6 can accommodate one CU and up to six contribution units with standard (short) length microphones. Capacity for the storage of several extension cables or other accessories is also provided.

Specially shaped interior

The suitcase interior has shaped foam packing to accommodate the units. This gives ample protection and makes packing and unpacking easier.

Easy to transport and store

The suitcase is attractive but also extremely durable and practical. It has handles on the top and side with two wheels on the underside for easy transport. There are two separate locks for extra security.
